

THE SCULPTED CURRENT.

VORTEX is a premium sanitaryware label with Spanish design DNA, launching in the Sultanate of Oman. We build mixers, concealed systems and finishing accessories in matte black and brushed gold — engineered water behind quiet, architectural form.

PRECISION

Machined tolerances in microns; ceramic cartridges proven far beyond field duty cycles.

FLUIDITY

Laminar, quiet, deliberate flow — every spout sculpts the current it carries.

QUIET LUXURY

No ornament, no noise. Finishes that reward the second look, and the tenth.
